County's Clean Tech Sector: Exploring Trends and Opportunities

Transition Fidalgo's "Vision 2030" identified strategies for supporting the development of Anacortes and Skagit County as a hub of green business innovation, including high-potential sustainable industries. What would help support Skagit County become a leader in developing products, technologies, and ideas that advance sustainability while supporting a resilient economy? Presentation by Sean Connell, Director of Business Development and Global Competitiveness at the Economic Development Alliance of Skagit County (EDASC) in Mount Vernon.

These presentations are part of Transition Fidalgo & Friends' monthly gathering, the Seventh Generation Supper. All are welcome to enjoy a simple supper (suggested donation \$5, please bring your place setting), at 5:45 p.m., or simply join us for the presentation around 7:00.

Live music provided by John DeLourme.
