

Times of Change

**LIVING IN A TIME
OF SHIFTING CLIMATE**

A series of talks to help us explore the local and global changes that are afoot, and inspire our creativity for meeting the challenges ahead.

May 30, 2017

Healthy Homes

Our presentation this evening is "Healthy Homes." Ann Raab, visionary and creator of GreenPod Development, will discuss sustainable building methods and products that create a healthy home environment. She'll look at the toxic problems we face today and why making green choices in everything we do is so important for our future.

For the past decade, Ann has been refining her "BuiltGreen" practices and designs to create green homes that are affordable, aesthetically pleasing, and healthy for mind, body, and the environment. Ann builds low-impact homes with sustainable materials free of chemicals and allergens, recycled-water systems, and energy-efficient heating and lighting.

These presentations are part of Transition Fidalgo & Friends' monthly gathering, the Seventh Generation Supper. All are welcome to enjoy a simple supper (suggested donation \$5, please bring your place setting), at 5:45 p.m., or simply join us for the presentation around 7:00.

Anacortes Senior Activity Center, 1701 22nd St.
