A Path to Pricing Carbon in Washington State

Price the pollution, fund the solution! Sameer Ranade of the Washington Environmental Council will talk about how the Alliance for Jobs and Clean Energy is pursuing an exciting carbon charge and a clean, resilient infrastructure investment policy to take to the state ballot in 2018. Share your perspective and dreams of a green future, and together we'll discuss how we can build a strong local campaign to win on climate and clean energy. Sameer will be joined by Steve Garey, a retired refinery worker and union president, and member of Washington State's Blue-Green Alliance. Come get inspired!

These presentations are part of Transition Fidalgo & Friends' monthly gathering, the Seventh Generation Supper. All are welcome to enjoy a simple supper (suggested donation \$5, please bring your place setting), at 5:45 p.m., or simply join us for the presentation around 7:00.

Live music provided by Mark Clawson.
